FEC MAIL ROOM

Mr. Scott Walker
Report Analysis Division
Federal Election Commission
Washington, DC 20463

Dear Mr. Walker,

I am responding to your inquiry of 6/6/01 concerning the expenditure of \$2550 to Little Saigon Radio by our PAC in support of the Gore/Leiberman campaign as reported in our letter to you of 3/02/01.

What happened is this: the \$2550 was the original contracted amount. We actually spent \$3825 in two payments of \$850 and \$2975. The \$850 was already reported. **I shall now amend my reports to further reflect the payment of \$2975.** (But the revised contract amount actually showed $\$1275 + \$2550 = \$3825$, the same as actually paid by us. The attached memo between our assistant treasurer and our California employee Tim Chen explains this in detail).

Thank you for bringing in this to our attention. I hope this explanation satisfies FEC.

Yours sincerely,

Yu-Chi Ho
Treasurer, 80-20 PAC

CA. stuff,
 Assistant Treasurer 80-20 PAC

Hi Katy: I am faxing you the notarized report together with the only two invoices from The Little Saigon Radio in LA. I noticed their figure on their individual invoice don't match with our contract. Phillip, (their Rep) explained that their accounting system cub by each month and if our contract cross over two months (such is the case we are in) they have to go by billing by the end of the month. But, the total of the two contract figures came out the same (\$1,275.00+\$2,550.00= \$3,825). If FEC has a problem with the technicality, I'll have to ask Little Saigon to reissue two invoices giving with the original contract amounts to conform with their rule. But, if they accept, thats the best.

Please let me know what your thoughts are Larry. I was confused for a while with their internal accounting system.

Regards,

Timothy
